TRATTO

Design in its purest form

Introducing the Tratto collection, an ode to the art of the line and the nobility of materials. Tratto means "line" or "stroke," and it is this elegant simplicity that inspires each piece. The collection celebrates the perfect union of contrasting elements, where the solidity of marble, the strength of metal, and the warmth of wood merge into smooth, continuous forms.

Tratto is more than just a furniture collection; it is a style statement that redefines harmony and balance. Each gentle line is designed to create a sense of fluidity and movement,

while the combination of textures and finishes invites touch and contemplation. The robustness of metal and marble is softened by the delicacy of upholstery and lacquered surfaces, creating a visual symphony of contrasts that results in a serene and timeless design.

With Tratto, Praddy invites you to see your space as a canvas, where each piece is a carefully drawn line, a perfect point of balance. More than furniture, the collection offers a tactile and visual experience that transforms your environment into a haven of design and serenity.
